Santander COTY 2015

Santander Charity of the Year 2015

Santander Charity of the Year 2015 British Heart Foundation

British Heart Foundation

At Santander we have set an ambitious target for 2015: to raise £1 million for the British Heart Foundation. The BHF is leading the fight against heart disease but there's still a long way to go, and that's where you come in! The £1 million we raise during 2015 will help keep the BHF's heart helpline running for two years as well as fund the complete costs of two separate research projects over three years. This would be an incredible achievement and will make all the difference to heart patients across the UK. Happy fundraising!
